# OUT IN FRONT. ALWAYS FUN.

A great day on the water starts and ends with a boat tailor-made to your specifications. When it comes to technology, comfort and choice, each model in our exceptional fleet is quality built to exceed your standard of excellence and your demand for the highest value.

## LEADING-EDGE TECHNOLOGY

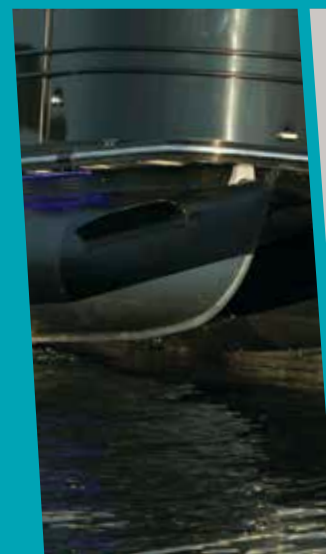

Get ready to experience performance and style as only SunChaser's up-to-the-minute technology can deliver. Choose your level of pontoon performance from an extensive selection of tube configurations, including our unique X-Treme Performance Strakes and PR25 center tube with a 60-gallon fuel tank plus extended transom. You can even improve water flow and lifting performance with the PTS system. Stylish LED underdeck and underwater lighting, along with rear-facing Bluetooth® speakers and a lounge arm galley will keep the party going all day long.

## EFFORTLESS COMFORT

Every detail of our pontoons is designed with your comfort and convenience in mind. From spacious, flexible floorplans to plush, overstuffed lounge chairs, your new SunChaser is transformed into a luxurious modern living room on the water. What better way to entertain family and friends for a full day of boating fun?

## EXTENSIVE CHOICE

When it comes to customization, we've got you covered. With our wide range of innovative floorplans, it's a breeze designing a boat custom-made to your specifications. Select from great cruising, sport and fishing layouts while you consider many other exclusive options and packages. Put the finishing touch on your custom-designed SunChaser with complementary color schemes and seven attractive flooring styles.

# A BETTER BOATING EXPERIENCE

Owning a SunChaser is a fast pass to a feeling of freedom and exhilaration like no other. As you disconnect from daily demands, you're swept into the excitement and relaxation that a day on the water can deliver. Taking that indulgence to the next level is as simple as adding X-Treme Performance Strakes to your features package.

Designed with versatility and handling in mind, the strategically positioned tubes effortlessly carve the water. Advanced pontoon technology allows you to navigate with the utmost agility while cutting through waves and chop. Engineered for dynamic efficiency, X-Treme Performance Strakes offer a wealth of advantages – better lift, less drag, increased speed, faster planing and a tighter turning radius – which translates to better handling and performance you can feel.

## X-TREME PERFORMANCE STRAKES

Increase your boating experience with X-Treme Performance Strakes.

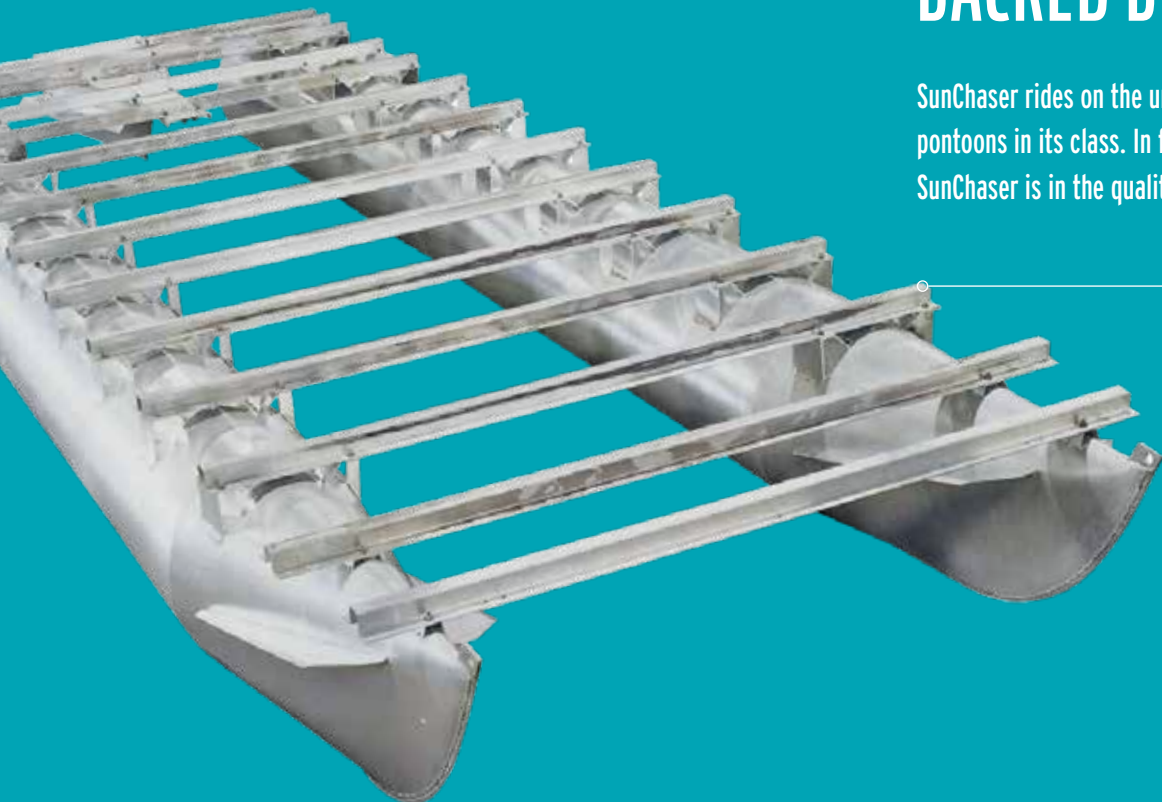

# BACKED BY PRIDE AND CRAFTSMANSHIP

SunChaser rides on the unbeatable strength of hat-channel construction with more cross channels than other pontoons in its class. In fact, when you take a closer look at the details, you'll find that the true value of a SunChaser is in the quality of its craftsmanship.

**CROSS CHANNEL CONSTRUCTION** Provides superior chassis strength. The transom area is supported with up to 3/16" hat-channel construction using twice the amount of fasteners as other pontoons. This provides the strength needed to handle the high torque of today's large engines.

**DOES YOUR BOAT HAVE OUR CONSTRUCTION?** Other manufacturers use C-channel designs which can require more cross members and provide less strength than SunChaser's hat-channel construction. And with imbalanced weight distribution, C-channel crossmembers are less able to withstand the forces exerted on the pontoon year after year.

**A THROUGH-BOLTED TRANSOM** 1) A one-piece body with an all-welded transom is built with .190" gauge aluminum and metal boxed channel on the inner transom. A pre-drilled motor mount attached with 20 bolts allows for the heaviest, high horsepower engines. 2) .190" gauge aluminum is turned down for strength and structure. 3) Spray deflectors with reinforced gussets push the water away. 4) "V" provides clean water to propeller for better turning.

**B CONSTRUCTED FOR ENDURANCE** 3/4", 7-ply pressure treated plywood through-bolted and screwed to the hat channels to create the strongest seams and transom support in the industry ("Heavy" hat-channel shown).

**C TUBES** Tubes are made with one-piece .080" gauge aluminum with full-length keels and sturdy deck risers. Backed by a Limited Lifetime Warranty.

**D FENCE AND RAILING** Features foam backing to prevent rattling and fully welded and anodized railing to add strength. Anodized welds are never painted. It's all backed by a 6-year warranty.

**E 4-POINT DECK TO HULL FUSION** SunChaser deck brackets have 4 points of fusion for an extended area of contact with the tube. In addition to providing increased strength and support, this reduces frame twist and racking in rough water and guards against tube fatigue.

- A FOUR-STEP TELESCOPING LADDER** Enjoy the convenience of this telescoping four-step, stainless steel ladder.
- B DRIVER'S CONSOLE** Raise your game at the helm with the Eclipse deluxe fiberglass console that features a spoked wheel, chrome accented gauges, a premium Kicker KMC10 AM/FM stereo with Bluetooth®, foot/leg recessed area and side storage room for cooler.
- C HIGH BACK HELM CHAIR** Enjoy the standard raised helm along with the generously sized and comfortably designed helm seat with swivel slide and armrest.
- D BOW LOUNGE** Stretch out in total comfort with the spacious and versatile bow lounge.
- E SKI PYLON** A removable ski pylon makes a great option for ramping up the water sport fun (requires PR20 or PR25 X-Treme Performance Package).
